during rehabilitation

## NAVY<sup>TM</sup> Xtra

**3D-LITE<sup>TM</sup>**  
Custom Mold  
to Patient

**2 in 1**  
**RIGID or SOFT**

Navy™ Xtra is a newly developed Back Support that offers extra stability with an individually fitted back plate of 3D-LITE™. The back plate of lightweight and breathable Low Temperature Thermoplastic Material is easily shaped to fit even the most difficult patients and removable plastic plates in the front contributes to a very stable support of the spine for patients with more severe conditions. The black textile is the same strong and ventilated elastic material used for our range of Navy™ X products.

Navy™ Xtra consist of three parts:

- The shapeable back section in 3D-LITE™ material.
- Cover for back section.
- Elastic support with stabilizing straps and reinforcement panels in front section.

#### Indications

Fractures, Post-op Spinal stabilization, Post-Op Disc Surgery, Degenerative Disc Diseases, Herniated Disc, Bulging Disc, Spondylolisthesis, Spondylolysis, Facet Syndrome, Spinal Stenosis.

#### Contraindications

Unstable spine conditions.

#### Adjustment

This product should only be altered by a medical professional. The 3D-LITE™ back plate is heated with a Heatgun or Oven 80°C.

Item No.	Size	Hip Circumference	Height Front	Height Back
23563 0010	X-Small	75 - 85 cm	16 cm	28 cm
