Halco Selfadhesive Loop Strong

Halco adhesive loop strong tapes are coated with a high-performance acrylic adhesive that provides strong and long-lasting adhesion. They are suitable for both high and low temperatures, UV exposure, and outdoor use. The adhesive offers a high initial bond that strengthens further over 48 hours for a permanent fixation. Can be used on most PVC materials and other surfaces. Delivered in a practical dispenser box for easy handling. For black and white variants, choose Velcro self-adhesive loop.
