VISSION™ Wrist Orthosis Dorsal

A comfortable textile wrist orthosis developed for clinical use, ideal when a volar stay is not well tolerated or causes discomfort during work tasks. The orthosis features two flexible plastic stays on the dorsal side, limiting wrist extension while preserving full handgrip function. An elastic wrist strap provides additional stabilization, and the level of support can be adjusted by using one or both stays. Adjustable thumb strap.

- Two dorsal plastic stays – use one or both to vary support level
- Elastic wrist strap for added stabilization
- Soft, breathable textile for optimal patient comfort
- Preserves handgrip function while limiting excessive wrist movement
- Compatible with an Epi strap for treatment of Lateral epicondylitis

Recommended Range Of Application

For the management of Tendinitis, Carpal tunnel syndrome, Lateral epicondylitis, hypermobility, rheumatic conditions and unspecific pain.

Measurements

Wrist Circumference & Palm Width

Item No.	Size	L/R	Color	Measurement 1	Measurement 2
460331011	Small	Left	Black	11-14 cm	7,5-8,5
460331012	Medium	Left	Black	14-17 cm	8,5-9,5 cm
