SELECTION® Open Wrist

Selection Open Wrist is a brace that is simple to put on and take off. It can be open totally flat. The integrated "wrap around" straps gives increased stability around the wrist. It have an adjustable thumb strap, and the shape is low cut in the palm area to allow for the bending zone. This model is also well cut around the thumb muscles to allow full movement of the thumb. It comes with a pre-shaped plastic spoon on the palmar side and a soft narrow plastic spoon on the dorsal side. It is intended to be used when the wrist needs off-loading in cases such as rheumatic desorders or after fracture healing.

Recommended Range Of Application

Inflammations, work related strain or when rehumatic and/or degenerative change are present.

Contraindications

Non known.

Measurements

Wrist circumference

Item No.	Size	Measurement	L/R	Color
352071010	X-Small	< 11 cm	Left	Black
