

NAVIGAIT™

NAVIGAIT™ is an alternative for users with a mild foot drop. The amount of dorsiflexion is easily adjusted with an elastic coil to accommodate the user's specific needs. NaviGAIT 4-Foot is a sock that makes it possible to use NaviGAIT without shoes or shoes without an anchor point (e.g. sandals). It is a plastic insert for increased stabilisation and 'stay-up' silicone on the inside to keep it in place.

Recommended Range Of Application

Intended to support a foot when the ability to actively dorsiflex is reduced due to conditions such as Stroke, Multiple Sclerosis, Post Polio Syndrome.

Contraindications

NAVIGAT should not be used by patients who present with spasticity or severe oedema.

Measurements

Length of plastic section

Item No.	Model	Size	Measurement	L/R
284100010	NAVIGAIT	X-Small	23 cm	Bilateral
