ComfortKIT™ 2.0

ComfortKIT™ 2.0 is a soft padding system for Allard AFOs. It is particularly suitable for individuals with sensitive skin, as well as for users with a high activity level. The padding features an inner core of memory foam that conforms to the shape of the leg during use and returns to its original shape when no longer under pressure. Compatible with ToeOFF® 2.0, ToeOFF® 2½, ToeOFF® Flow, BlueROCKER® 2.0 and BlueROCKER® 2½.
