Elements Body - Trial Body

Elements Body Trial Body is a dynamic textile orthosis with hook and loop adjustments for length and circumference. The Trial Body is an evaluation tool to assist in establishing if the user (child or youth) will benefit from an Elements Body or a Hymo (youth).

Recommended Range Of Application

This trial body is intended to be used in order to evaluate whether the user is likely to respond favorably to an Elements Body or Hymo. The trial body is only intended for short term use.

Contraindications

Oedema, poor temperature control, bad circulation, skin problems, fragile skeleton and/or multiple disabilities.

Item No.	Size	Height	Waist Circumference
