

# ToeOFF® 2½ Addition

ToeOFF® 2½ Addition is a version of the ToeOFF® 2½ with a different colour surface. The available options are Black, Beige or Camouflage. The surface gives the product a different look and design as well as a smoother surface to allow for clothing to slide more easy over the surface. This new manufacturing method also makes it possible to extend the coloured surface all the way to the junction between the strut and the sole. Addition is only available with D-ring straps. Please note that the pattern in the Beige and Camouflage option may vary between orthosis, this is important to consider when ordering for bi-lateral wearers.

## Recommended Range Of Application
