Navy™ Xtra

Navy™ Xtra is a newly developed Back Support that offers extra stability with an individually fitted back plate of 3D-LITE™. The back plate of lightweight and treathable Low Temperature Thermoplastic Material is easily shaped to fit even the most difficult patients and removable plastic plates in the front contributes to a very stable support of the spine for patients with more severe conditions. The black textile is the same strong and ventilated elastic material used for our range of Navy™X products.

Recommended Range Of Application

Fractures, Post-op Spinal stabilization, Post-Op Disc Surgery, Degenerative Disc Diseases, Herniated Disc, Bulging Disc, Spondylolisthesis, Spondylolysis, Facet Syndrome, Spinal Stensosis.

Contraindications

Unstable spine conditions.
