

SoftKIT™ Short

SoftKIT is a padding system for ToeOFF® and BlueROCKER® that includes two narrow neoprene pads to create a pressure-free channel to help relieve any potential discomfort from bony prominences. The kit includes pre-cut pressure-sensitive MikroFIX tabs to easily affix the pad to ToeOFF® or BlueROCKER®. An extra pad is included so one can be worn while the other is laundered.

| Item No. | Model | Size | Color |
