

Halco Self-adhesive Hook

HALCO adhesive back hook tape is coated with a high coat weight aggressive hot melt rubber adhesive, ideal for use on smooth surfaces and most general purpose applications. Providing an immediate high strength bond with high temperature resistance and excellent peel and shear strength, these fasteners use premium grade yarn and are suitable for up to 5,000 open/close cycles.

Comes in a practical dispenser box for easy handling.

Recommended Range Of Application

Length: 25m rolls in Dispenser box
Oeko-Tex standard 100
