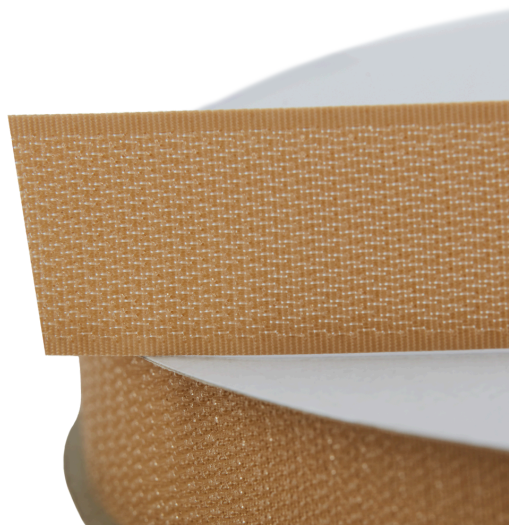
Halco Self-adhesive Hook Strong



Halco adhesive hook strong tapes are coated with an extreme acrylic adhesive suitable for high and low temperatures, UV light and outdoor applications.
Also suitable for use on most PVC materials this adhesive has a high initial bond, which increases in strength for 48 hours after application, giving a permanent long-term bond.
Comes in a practical dispenser box for easy handling.

Recommended Range Of Application

Length: 25m rolls in Dispenser box
Oeko-tex standard 100

For color black and white choose Halco selfadhesive hook.
